

2D CAD DRAFTING & DETAILING SERVICES

> CONTACT US TODAY

We understand that each clients needs are different. We produce high quality CAD data and 2d detailed drawings for a comprehensive manufacturing data pack with full traceability. We have a highly flexible approach to ensure that the data we produce matches your company standards and integrates seamlessly into your data management solutions.

Our engineers and drafters offer outsourcing CAD drawing services for a range of sectors across the UK, including Automotive, Aerospace, Water Treatment and General Mechanical Engineering. We create 2d detail drawings, including fabrication drawings, general arrangement drawings, Bill of Material (BOM's) and piece part details ready for manufacture. Communication is key to us. Our aim is to provide a professional and reliable service that meets the requirements of each of our clients .

We are able to offer 2D detailing using the very latest CAD software.
